

SHARON ROBOTICS TEAMS

July 4, 2019

Dear Prospective Sponsor,

The Sharon Robotics Teams are seeking sponsors for their 2019-2020 season; and as a community supporter, we knew you would want the opportunity to be a part of our success!

Our teams will continue the progress of last season, with much to look forward to this season! With community support last year, five Sharon Robotics Teams competed in the FIRST program encompassing 35 students from grades 4-12. Here is a brief snap-shot of the competition season:

- Sharon High School FIRST Tech Challenge (FTC) Team continued into their second season with the FIRST Tech Challenge program advancing to the Pennsylvania State Championship.
- C.M. Musser Elementary FIRST LEGO League (FLL) Team placed first with their robot score at the Erie Championship.
- Tiger Techs Team Orange (FLL) captured the First Place Champions Award at the Pittsburgh Championship with advancement to the World Championship in Detroit. They also received the Global Innovation Award, allowing them to apply for the award.
 - Tiger Techs Team Orange captured First at the World Championship with the Inspiration Award.
 - Tiger Techs Team Orange was selected as a semi-finalist/Top 20 for the Global Innovation Award advancing them to the finals in San Jose, California.
- Tiger Techs Team Black (FLL) captured the Second Place Champions Award at the Pittsburgh Championship with advancement to the North American Robotics Tournament at LEGOLAND, California. They also received the Second-Place robot score.
 - Tiger Techs Team Black captured with the Second Place Champions Award overall at LEGOLAND California.

The Sharon Robotics Teams had a blast this past season and are looking forward to the upcoming season. This season will offer new learning opportunities for all our teams, building upon a strong foundation from previous years. The theme for this coming season, *Cities*, will encourage students to solve challenges that require innovation and creative problem solving in urban areas.

On behalf of the Sharon Robotics Teams, I hope that you will be part of our story this year through sponsorship to help off-set expenses throughout the season. Expenses include registration, transportation costs, equipment, and t-shirts. Please see the enclosed sponsorship form to be a supporter of the Sharon Robotics Teams.

If you have any questions, please contact me via e-mail at dave_tomko@sharonsd.org or phone at 724.983.4015 x5221. You may also visit us at our websites at www.tigertechsrobotics.com and <http://www.sharonhspennrobotics.org>. Thank you for considering this decision to sponsor the Sharon Robotics Teams!

Sincerely,

Mr. Dave Tomko
